WE SEEK HARES !!

Still great opportunities for hares – for runs in August, September and October – enjoy the fun of setting a run!

Run 1717 – Venus – Gladstone Hotel Dulwich Hill

Looking for nominations to act in the super important job of Trail Master I was the last to step backwards & was therefore elected unopposed. Really brilliant stuff giving the job to a semi blind, deaf 75 years old. Luckily the map was excellent & the trail even better, which made it almost impossible to take the wrong turn (but I still succeeded a couple of times).

Bingo & Duck continued their tussle to see who could wear the other out first but Duck is a far more canny Hashman, who doesn't bother to check anything & saving himself for the end sprint home. So even Bingo's superior speed & fitness was useless against an old cheating fart.

The trail was a circular affair with six checks & six on backs, keeping the pack pretty much together, which was assisted by some dim witted resident hosing out a check point. Luckily Grewsome & Scotch Mist had joined the run by this time so their superior eyesight & ability to read maps ensured we kept on trail.

We meandered around Dulwich Hill before heading towards Marrickville, Venus had selected every park in the area to keep us off the main roads, crossing the rail line on Livingstone Road, before heading back to Dulwich Hill station & the bucket, seven kms, without the On Backs.

Excellent run Venus I think you should set more of them.

On On Dundee.

CIRCLE UP!!

Great to have Hannibal back out of pain & working on getting back to running again, here's his latest quirky take on the run venue.

To honour the restaurant in the Gladstone Hotel some important aspects of Spartan culture are necessary to be aware of.

Nudity in sport was first documented in the city-state of Sparta, during the late archaic period. The custom of exercising naked was closely associated with pedagogic pederasty and with the practice of anointing the body with olive oil to accentuate its beauty. Unlike other Greeks, Spartans also sometimes went naked casually, such as in the public city area. They were also the only city-state where women and girls also competed in the nude; the other states banned females both as participants and as spectators from any sporting event where male nudity was visible.

B2H3's resident Spartans were SQUATTING SQAW and LOAN ARRANGER.

Pederasty in ancient Greece was a socially acknowledged romantic relationship between an adult male and a younger male usually in his teens.

According to Xenophon, a relationship ("association") between a man and a boy could be tolerated, but only if it was based around friendship and love and not solely around physical, sexual attraction, in whose case it was considered "an abomination" tantamount to incest. Conversely, Plutarch states that, when Spartan boys reached puberty, they became available to older male lovers.

B2h3's closest Spartan like members in this case are all the male Cronulla supporters, especially those who played for the Sharks.

Circle Run Report

Joker was selected to report on the run on the basis he tried to get out of it by nominating Rabbit for the job:

He believed it was the best set run of the year with plenty of arrows particularly super large ones, which kept the pack on trail apart from a check that some dopey resident tried to wash out – probably with a hand held hose which is illegal & we should get ScoMo involved – over to you Stop cock.

For someone who is a relatively newcomer to Hash & not a genuine runner, the run could be used as a standard for all our members, brilliantly set & was awarded 9.5 out of 10.

Prickette of the Week

Moa - For being on Kiwi time & disrupting the car pool for the evening.

Scotch Mist - For being blinded by oncoming car lights in the first few hundred metres of the run, which caused her to run head first into a bollard, acting as a traffic regulator in a dark alley.

Prick of the Week

Sir Les - For modelling a mankini on the weekend – that showed off his features and set the harriettes and local women’s groups atwitter. We expect to see highlights of this fashion display soon on the international news. It was so good he was nominated for the second week.

Pig – for attending the run on Kerrie’s birthday but he said it was ok cause he bought her MacDonaldis for lunch.

Winners – Bugged if I know cause Dish, who had offered to act as scribe, didn’t let me know. Think it might have been Scotch Mist & Sir Les.

JOIN RABBIT ON THE BLOODY LONG WALK

SUNDAY 10TH NOVEMBER 2019

35K WALK FROM PIONEER PARK MALABAR TO HICKSON ROAD RESERVE, THE ROCKS TO RAISE FUNDS AND AWARENESS FOR MITOCHONDRIAL DISEASE.

Mitochondrial disease (mito) is a debilitating genetic disorder that robs the body's cells of energy, causing multiple organ dysfunction or failure and potentially death. The harsh facts:

- Mito affects 1 in 5000 people, making it the second most commonly diagnosed, serious genetic disease after cystic fibrosis
- One in 200 people, or more than 120,000 Australians, may carry genetic mutations that put them at risk for developing mito or other related symptoms such as diabetes, deafness or seizures during their lifetimes
- There are many forms of mitochondrial disease; it is highly complex and can affect anyone of any age
- There are no cures and few effective treatment

This is why The Bloody Long Walk is so important. Not only does the event raise awareness of this debilitating disease, it also raises vital funds to enable much-needed support to patients and their families and essential research into the prevention, diagnosis, treatment and cure of mitochondrial disorders.

IT WOULD BE GREAT TO HAVE SOME COMPANY ON THIS WALK SO IF YOU ARE INTERESTED IN THIS CHALLENGE PLEASE LET ME KNOW.
