Hare - Pig

Hareline:

1719	19 Aug 19	Rabbit	St George Tavern, 531 Pacific Hwy, Rockdale
1720	26 Aug 19	Short n Curly	TBA
1721	2 Sep 19	Sir Les	Union Place Hotel, 34 Railway Cres, Jannali
1722	9 Sep 19	Tickle	Erskineville Hotel, 102 Erskineville Rd, Erskineville
1723	16 Sep 19	Dirty Weekend	TBA

Pig brought us all to a new venue deep in the bowels of the Shire and exposed us to many of the wonders of the Engadine Valley (we could have been in Switzerland). The pack had no idea where it was and therefore kept together and ran in wide-eyed wonder at the sights and sounds that were spread out before it. We then proceeded to the Engadine Bowling Club – which would definitely be listed as a “Hash Approved Venue” if we had such a thing. Thanks Pig for taking our club to Frontier Land – an exciting and rewarding adventure.

WE SEEK HARES !!

Still great opportunities for hares – for runs in September and October – enjoy the fun of setting a run!

Run 1718 – Pig – Engadine Valley

The pack huddled in the windswept corners of the Anzac Oval carpark.....wondering what type of run this end of the world would provide.....

Hannibal had turned up to get out of the house/fulfil his RA duties/do some rehab in far-flung reaches of Engadine/all of the above.....

Dundee was pleading the Virus Amendment as his reason for not running....but had at least ventured a few metres from his home to attend. **Goldie** and **Dame Nellie** were still stuck in traffic held up by a truck driver who obviously did not know the height of his own vehicle....trapping some keen hashers behind him in the Airport tunnel....

Out to Anzac Avenue and the pack was catching its collective breath in the cold night air. **Stopcock**, **Moa**, **Short'n'Curly**, **Slotcard**, **QR**, **Rabbit**, **Dish**, **Bower Bird** and **Grenade** were out for a brisk walk.

Bingo was running like she was in training for something....and so did most of the on-backs for the night....including the first one down Collins Place (although there does not seem much point in giving you street names that you have not heard of...).

A few twists before **Canookie** and **Sir Les** led the pack down a pathway to an oval that looked suspiciously like the one we had left a short while ago. **Scotch Mist** was avoiding anything that went bump in the night (after having an argument with the fence pole last week...in case you missed that episode).

A check and two on-backs kept the pack together. Along Bambal Road, with a few locals yelling out 'good on ya' as we kept up a steady pace (I did not mention at what speed it was steady)....before **Bingo** headed down one end of Wollybutt Rd...which the hare had explained to the TM (in his pre-run briefing) that he had tried to go down (as shown on the local map) but had been thwarted by a rough track....but the hard-on arrows suggested he may have changed his mind? Sense eventually prevailed and the pack reversed back up the hill and along the high road.

Into some bush (the only bush of the night had promised the hare)....where the first hurdle was a creek which presented the runners with the dilemma of using a wobbly log to hop across or just take a leap (or short step for the longer-limbed) to the rock waiting patiently on the other side...

All safely across, we headed up through the bush path to a check where **Joker** showed us the way (in by going the wrong way as usual) to Forbes Creek Road.....where **Blondie** called us up the hill to the next check...which no-one seemed to be finding so TM called it to prevent hypothermia setting in.....

Along Thurlgonia Road, another on-back, another check and then to where the last on-back for the night caught most of the pack....apart from **Merkin** who could smell the beer from the bucket a few hundred metres away, and **Goon** who had managed to keep up with the pack despite his knees feeling older than his recently-acquired seniors' card. The pack was hard to convince (or hard of hearing) to return back to the trail. Eventually we made back along Achilles Rd (not a good place for runners to go) and through the carpark and paths of Anzac Oval....

Back to the welcoming arms of the hare (who was happy to call it a 55 minute run)....and the sight of **Cannon** sitting in his chair in the middle of the exit lane for the park.....playing chicken with the fast-exiting locals.....

CIRCLE UP!!

How good is Hannibal when it comes to rooting out information that most people would never think of. Once again he has surprised us with some in-depth insightful knowledge of our On On Venue.– Thanks Hannibal!

The first General Meeting, founding the club, was held in December 1959 and the club has been operating ever since.

In 2009 the club published a 96 page club history that everyone should read, it is easily accessible on the website.

The most important points taken from the book are;

The most common names of male club committee members are Fred, Les, Ron and Dick.

The most common names of female club committee members are Merle, Vera, Joyce and Pearl.

In 1961 a decision was taken to restrict membership of the club to 150 – 110 male members and 40 female members. They needed 40 female members to shine the balls, bring a plate to functions, put on a spread, make tea and tidy up afterwards.

In 1994 the very popular Rugby League International footballer, Arthur Beetson was guest speaker at the August Sportsman's Evening. His talk was highly entertaining and very well received by the Members. Ladies were not permitted to attend.

In 2008 the financial world was turned upside down by the collapse of lending institutions in the United States. There was a domino effect which spread panic among even the largest of business institutions in first world nations. Australia did not escape and it appeared a dark cloud covered everything relating to business and trading. Petrol prices sky rocketed, the tourist dollar stalled, but Engadine Bowling Club, tucked away on the edge of the bush continued to operate as it had done for almost 50 years.

Circle Run Report

This week Tickle did the run report in the circle – as she had forgotten to give Bingo 2 weeks notice! Her report was full of praise and included the following comments :-

- It was a great run
- The run was in a new area – which is always appreciated. It is fun to find new nooks and crannies
- Lots of Checks and On-Backs to keep the pack together
- In fact, there were so many Checks and On-backs that Goon (with his poor knees) could keep up with the back of the pack. So it rated highly for back markers with bad knees.

Tickle awarded the run “9.5” – for all the right reasons. The pack are now hungry for the next run at Engadine.

Visitor

Dame Nellie – it was great to see Dame Nellie back in the pack again, happy with his new suspension and looking forward to his October plans – which take him from Trangie to Ballarat via Woollooware Gold Club (for the AGPU!!).

Prickette of the Week

Goldmark - For being late to the run and blaming traffic. It seemed a “over-high” truck got stuck in the Airport tunnel and had to be backed out. This caused traffic chaos through the Eastern suburbs and backed up traffic for miles along Foreshore Drive. However, we all know that there are no acceptable excuses for being late to Hash! Poor Goldmark was only following Dame Nellie’s instructions

Prick of the Week

Dame Nellie - For directing Goldmark the best route to the run – and making them both late.

We then used the entire repertoire of our hash songs from the one-page B2H3 songbook and drank to the winners

Winners – Goldmark & Dame Nellie

JOIN RABBIT ON THE BLOODY LONG WALK

SUNDAY 10TH NOVEMBER 2019

35K WALK FROM PIONEER PARK MALABAR TO HICKSON ROAD RESERVE, THE ROCKS TO RAISE FUNDS AND AWARENESS FOR MITOCHONDRIAL DISEASE.

Mitochondrial disease (mito) is a debilitating genetic disorder that robs the body’s cells of energy, causing multiple organ dysfunction or failure and potentially death. The harsh facts:

- Mito affects 1 in 5000 people, making it the second most commonly diagnosed, serious genetic disease after cystic fibrosis
- One in 200 people, or more than 120,000 Australians, may carry genetic mutations that put them at risk for developing mito or other related symptoms such as diabetes, deafness or seizures during their lifetimes
- There are many forms of mitochondrial disease; it is highly complex and can affect anyone of any age
- There are no cures and few effective treatment

This is why The Bloody Long Walk is so important. Not only does the event raise awareness of this debilitating disease, it also raises vital funds to enable much-needed support to patients and their families and essential research into the prevention, diagnosis, treatment and cure of mitochondrial disorders.

IT WOULD BE GREAT TO HAVE SOME COMPANY ON THIS WALK SO IF YOU ARE INTERESTED IN THIS CHALLENGE PLEASE LET ME KNOW.

FOR FURTHER INFORMATION, JUST GOOGLE THE BLOODY LONG WALK & CLICK ON THE SYDNEY EAST WALK.

LAUGHS FOR THE DAY :) -

Good Economy

A 2007 study found that the average Australian walks about 900 miles a year.

Another study found that Australians drink an average of 22 gallons of beer a year.

That means, on average, Australians get about 41 miles per gallon." Not bad eh!

Backhoe Drivers Revenge

John and Kevin

ScoMo and Albo somehow ended up at the same barbershop. As they sat there, each being worked on by a different barber, not a word was spoken.

The barbers were both afraid to start a conversation, for fear it would turn to politics. As the barbers finished their shaves, the one who had ScoMo in his chair reached for the aftershave.

Scomomo was quick to stop him jokingly saying, "No thanks, my wife will smell that and think I've been in a brothel."

The second barber turned to Albo and said, "How about you Mr. Albanese?"

Albo replied, "Go ahead, my wife doesn't know what the inside of a brothel smells like."
