What a sad thing it is to remember the passing of time in Jannali. Once the home of the Thursday night topless barmaids, the pork chop shoe incident, the hushed poker games and pub meals. Now it has been tarted up – for the enjoyment of the uber-rich, high-flying Jannalians with prices to match. The “back-door” car park has been fenced off and a bunch of strata units has been plonked on top of the pub. We fear that in a desperate attempt to “Gentrify” Jannali, they have just downgraded their pub to being rated “hash-unfriendly”.

None the less, undeterred, Sir Les brought us back to the usual car park to reminisce and re-live old times. He set a very good run through the suburbs and bush – using his cunning tools and techniques to keep the pack hunting together. We celebrate a great dinner at Jannali Chinese – the home of all Cannon’s important family celebrations.

Read on – as this week Trash will continue the “Trail Setter Tools” Series – this week “Getting a Map”.

WE SEEK HARES !! - Still great opportunities for hares – for runs in September and October – enjoy the fun of setting a run!

Run 1721 – Sir Les – Jannali

The night started with us gazing in amazement at the block of flats that had sprung up where we used to park. **Cannon** made **Bower Bird** get out of their car to check whether it was the right spot...while the hare **Sir Les** provided a map with lots of colours, indistinguishable markings of on-backs and checks and the promise(??) that he had saved on chalk (to keep the pack guessing was his questionable logic).

At one stage it looked like a running pack of 3 was going to leave us challenged at checks.....but we were saved by a last minute surge to more than double the numbers. **Dundee** was still recovering from his attempt at steeplechasing last week. Up the hill and around to the left was the parting words of the hare.....

Hellismellher (having left **Doublebanger** to fend for himself in his sick bed) gamely went downhill from the first check....although her thrill at making a correct choice was short-lived when she ran into an on-back almost immediately.

Back on trail, a couple of quick on-backs kept **Joker** and **Scotch Mist** busy....and we headed down Third Ave (the hare skipped us past First and Second) to a check at Georges River Road. A few more checks and on-backs kept the pack together – or perhaps the hare just didn't set arrows...only he knows....

Into the darkness of Carina Bay Reserve, the pack gamely followed small puffs of flour until no more could be seen and we instead took an exit earlier than the hare had planned.....with the sight of a solid bridge and stairs too tempting to ignore....

And somewhere out in the Jannali vicinity, **Goldie, Moa, Dish, Dirty, Blondie, QR, Slotcard, Stopcock, Doc, Short'n'Curly, Hannibal, Brengun** and **Rabbit** were out smelling the honeysuckle or just taking a stroll around the streets until the bucket was open.

Meanwhile the pack was up to the next check where for reasons unknown, most of the pack blindly followed **Merkin** up to Como Station....while TM patiently called them back to the trail. **Bingo** questioned the lack of arrows (some parts of the trail appeared to have been set by car.....you will have to ask the hare..) while obviously not doubting the TM's word.....

Up another on-back and then there were five – as **Bingo** and **Goon** opted for the safe route home along the road.....while the rest of us plunged into the depths of Honeysuckle Reserve. Along a narrow path...and there was mutterings about what a great summer run it would have been. An on-back caught even the TM out (we are human) before we found a fork in the path. **Merkin** ventured a few metres downhill before deciding to rejoin us on the high road...where the hare had decided that we needed to be sure we really wanted to go that way.....with solid rocks left sorrowfully empty of arrows for many a while....

To the last check of the night....and we opted (you can read that as the TM directed) to head back along the out trail....a full analysis of the ups and downs may have suggested a better choice...who is to know....

And so back to the carpark that still exists....for the hashers to gather around the bucket and circle up....

CIRCLE UP!!

This week, Hannibal focussed our gastronomical attention to one of the great world cuisines, and, by the end of his introduction, had us salivating like Pavlov's dogs. Who, apart from Hannibal and Cannon, knew that Jannali had Kareela Chinese??

Chinese dishes are always appetizing because of their vibrant colours, delicious aroma and flavourful taste. Many people love eating Chinese food because of its uniqueness. Jannali Chinese serves authentic Chinese cuisine that is perfect for dining in, deliveries and takeouts.

Here are some authentic reviews of the fine dining establishment.

- Food was tasty, fresh & hot! Driver delivered 10 min early and even threw in spring rolls because it was a huge order! Also well priced! Definitely ordering again soon
???? *Cannonmouth*
- Food is always great from here. i have never had an issue with my order or the freshness of the food. Delivery was on time , delivered with a smile. *Bowerbird*
- My wife and I were impressed with the fast service and efficiency and friendliness at the time of ordering and also during delivery. *Cannonmouth*
- Usually beautiful... tonight rude phone manners, ordered salt and pepper squid was not cooked, so thick the batter was oily and falling off. Got crispy skin chicken was not offered the usual sauce that comes with it so got nothing was told extra \$1 when calling back noticed blood through the chicken not cooked through. Will not be back *Cannonmouth*
- Best Chinese I have ever had. Satay chicken is to die for. I live out of the area and come here specifically to get Chinese. *CB*
- HORRIBLE....found a cockroach in my meal! Never again. *Cannonmouth*
- Witnessed some dodgy pest control being done at this restaurant late at night and I would strongly recommend not eating at this place. Would not be surprised if it gets shut down by council soon. *Sir Les*

CIRCLE RUN REPORTER- Grewsome

This week, Joker used his powers of influence and persuasion to finagle Hellismeller into giving the run report - and what a great job she did.

- She started by complaining that she was "tricked into" giving the report by Joker (it takes time of his devious, cunning ways)
- At the first check, she was frontrunner, but the check led her astray
- The trail had a good mix of bush and suburbia
- One of the tools used to keep the pack together was the cunning ploy of keeping the trail markings far apart (and we just thought he was saving gyprock)
- At one of the last "Bush checks" the tight-knit pack split. Those that headed into the bush (in the dark) became somewhat entangled amid a series of street / track options that were a not absolutely clearly marked on the trail map
- However, everyone got home alive - which is good in a club of dwindling numbers

Score awarded to the Sir Les – 8/10 !!

VISITOR

We were delighted to welcome one of our regular visitors back to the pack this week – welcome **Bren Gun** - we love visitors!!

Cannon was so excited to see Bren Gun back in the pack, he fell off his chair.

BIRTHDAY

We Celebrated Cannons 81st birthday today. While the pack were out on trail, Cannon snuck into the new “Union Place” Hotel – where he is a member. One of the privileges of membership in this great institution is that they provide you a free beer on your birthday – and Cannon took up the offer.

In addition we celebrated Cannon’s birthday – and re-visited the same restaurant where he also celebrated his 50th wedding anniversary. Well done Cannon !!

Badges

We celebrate a huge achievement this week – of one of a great club men – Congratulations QR - Many thanks for all your hard work over the years.

PRICKETTE AWARD

- **Cannon** – Sitting in his chair, waiting for the circle to start, and not offering his chair to Dundee, who was standing on his injured leg, grimacing from the 32 stitches that he received last week.

PRICK AWARD

- **Blondie** – For getting confused and putting the margarine in the oven overnight instead of the refrigerator.

Winners !! – Cannonmouth & Blondie

Trail Setter Tools - Step 2 – Get a Map

Setting a Hash run is a great honour – and you should be proud to be involved in this noble activity. This guideline is to help with some of critical steps in setting a run

Whatever location you decide to set a run – it helps to have a map. It will help you set the run, and it is required by the Trail Master to guide and marshal the pack around your trail

Sources for maps

- Draw your own (Rabbit Style)
- Old Street Directories - Gregory's – try the old book shops. You will find that your run usually sits in the crack or right on the edge of a page. Sometimes you have to use a photocopier to get the copied you need and to “Cut” and “Paste” them together
- Telephone book (local telephone books usually have local maps). These suffer from the same “Crack” and “Edge” issues as the Street Directories.
- Web Page Option 1 - [Google Maps](#). Go to Google, type in the locality. When the listing comes up select “Maps” option that is right under the search box.
 - You have options to
 - Zoom in and Out, Pan across
 - See Street view OR Satellite View
- Web Page Option 2 - Street Directory website – [streetdirectory.com.au](#). This works similarly to Google maps – but has more information about local lanes and alleys and presents the street information more clearly.

Copying and Editing the Map

Once you find a suitable are on the web – the issue is how you can get a copy of this map on a piece of paper.

a) Copying the map.

The easiest way to do this is by using the “Print Screen” command to capture a picture of whatever you see on the screen.

- Centre your view on the map area you want
- Press “Ctrl” and “Prnt Scrn” simultaneously – to capture what is on your screen as a “Picture”
- Then open a blank Word Document or Powerpoint Presentation, right click and Select “Paste”.

b) Editing the Map Picture

When you paste the “Screen Picture” on your new file – it will contain a lot of information that you don't want and will not be the right size. It needs editing.

- Click on the Picture
- Select “Picture Format” (from the top level drop down menus)
- Select “Crop” (to the far right of the screen) – and a series of Editing Bars will appear around the Picture
- Grab onto one of these bars and push it “in and out” to edit the picture and make it the right size.
- When you are happy – head back to the “Crop” option – and Press “Crop” again. The picture will now be displayed as the size you edited.

- You can change the size of the picture – but grabbing any of the handles that surround it. (an easy way to enlarge or reduce the size of the picture)

c) Extra Random tips

- Choose your paper orientation (Layout – Orientation – Portrait / Landscape) to best fit your map
- You may have to merge “map pictures”. In this case
 - Select the first picture
 - Right click
 - Wrap text
 - Select “Through”
 - Now you should be able to move this picture around – in front of the other one
- To save any combining pictures
 - Select them all.
 - Right Click
 - Group / Group

Now save your file (with the picture map) and you are ready to start planning your trail

LAUGHS FOR THE DAY :) -

True Story from Houston Medical Centre

A man went to the ER to have his wedding ring cut off from his penis. According to the Nurse attending, the patient's girl friend found the ring in his pants pocket and she got so mad at him, she used petroleum jelly to slip the ring on his penis while he was asleep.

Now you decide what's worse:

- 1. Having your girlfriend find out you are married;**
- 2. Explaining to your wife how your wedding ring got on your penis;**

OR

- 3. Finding out your penis fits through your wedding ring.**

Cheeseburger or hand job?

A crusty old biker, on a summer ride in the country, walks into a tavern and sees a sign hanging over the bar which reads:

CHEESEBURGER: \$1.50
CHICKEN SANDWICH : \$2.50
HANDJOB: \$10.00

Checking his wallet for the necessary payment, he walks up to the bar and beckons to one of the three exceptionally attractive women serving drinks to a meager looking group of farmers.

"Yes?" she inquires with a knowing smile, "can I help you?"

"I was wondering," whispers the biker, "are you the young lady who gives the hand-jobs?"

"Yes," she purrs, "I am."

The old biker replies, Well wash your f-ing hands, I want a cheeseburger."

Bear remover

A man wakes up one morning to find a bear on his roof. So he looks in the yellow pages and sure enough, there's an ad for "Bear Removers."

He calls the number. The bear remover says he'll be over in 30 minutes. The bear remover arrives and gets out of his van. He's got A ladder, a baseball bat, a shotgun and a mean old pit bull dog.

"What are you going to do?" the homeowner asks.

"I'm going to put this ladder up against the roof, and then I'm going to go up there and knock the bear off the roof with this Baseball bat. When the bear falls off, the pit bull is trained to grab His testicles and not let go. The bear will then be subdued enough for Me to put him

in the cage in the back of the van."

He hands the shotgun to the homeowner.

What's the shotgun for?" asks the homeowner.

"If the bear knocks me off the roof, shoot the dog."
