Run 1726 - 7 October 2019

Hare - Scotch Mist

Hareline:

	12 Oct 19	AGPU	Woolooware Golf Club
1727	14 Oct 16	Rabbit	Olds Park Penshurst, Near the Bowling Club. Olds Park Lane. Beverley Hills
1728	21 Oct 16	Cold Duck	TBA

The last run of the Hash Year was held in B2H3 heartland – the central vortex that attracts Botany Bayers from North, South, East and West – at the appropriately named Intersection!!

A good pack turned up – although some were delayed by the pesky introduction of Daylight Savings, which forgot to move their wall clocks forward. Never mind, we all assembled and enjoyed our first daylight savings run since last summer in preparation for a new hash year and the new committee.

**WE SEEK HARES !! - Still great opportunities for hares – for runs in October and November – enjoy the fun of setting a run!**

## Run 1726 – Scotch Mist – Ramsgate

The pack was full of excitement (will leave you to fill in your own impressions of what the B2H3 pack looks like in that state), with so many events to celebrate – torches thrown away with the start of daylight saving, recovering from a pub crawl at Bathurst, the last run for this Committee and a beautifully clear map for the TM.....

**Bingo** called time (where was she when **Doc** and **Pig** needed her the most?) for the pack to saunter out of the Intersection, to spend a couple of minutes bonding at the traffic lights. **Sir Les** was already trying to guess the trail twists from the movements of the TM....but I was happy to follow **Grewsome** along the first crazy loop of the night...ending of course in **Dundee** doing his usual dash across the traffic (at least there were no fences in the way this time) earning a honk from a driver making their way peacefully along Ramsgate Rd....

**Goon** was assigned to look after **Andrew** for the night – or was it the other way around? **Spini** and **Calici** joined this mini-pack.....which was armed with a map and Andrew's knowledge from helping to set the run only hours before.

Meanwhile (according to the stories told later at the bucket) **Slotcard**, **Grenade**, **Goldie**, **Bower Bird**, **Rabbit** and **Dirty** (were **QR** and **Cannon** also there?) were spending more time in front of the special accessories shop than doing any of the trail.....with **Doc** and **Dish** making a late dash after an unturned clock caused havoc with the Hash timetable.

**Blondie** finally joined the runners after time stood still in her house (did you know that she got her name from such feats as bringing a torch to a daylight run?). **Cold Duck** was doing his best (with an ineffective combination of threat and coercion) to get the truth from **Cameron** as to where the true trail lay....

Through the bush trails of Scarborough Park.....between the baseball fields ...along Sunbeam St and up to Rocky Point Road....where **Cold Duck** and **Dundee** dashed across the road so they could do the next on-back....with some mutterings of leaving all the work to the old blokes (their words not mine...). 'W' marked the shortcut for any walkers that had actually made it past the aforementioned shop.....while the runners happily ventured even further away from home....

A few more twists and the pack could smell the beer...back at the bucket in the usually dark corner of the Intersection carpark where **Scotchmist** was happily (with the end of the hash year in sight) cooling the bucket, RA **Hannibal** was warming his tonsils for his last line of jokes and **Pig** (also unturned clock) and **Merkin** (who knows?) were making their excuses for running too late to run....

And so ends the last run of the hash year and the end of these ravings (until next time I have the joy of being TM for B2H3).....

## CIRCLE UP!!

Hannibal bookended the year with a retrospective of Dick Caine at Carrs Park and all the wonderful mentoring that undertook over his lifetime. It was a fitting way to end an informative and educational hash year where the pack all learnt so much. Thanks Hannibal for imparting your wisdom and learning during the year – we are all better for it.

Ramsgate is within spitting distance of Carrs Park, the home of the wonderful Dick Caine. The first run of the year started out at Carrs Park where we learned about Dick. It is fitting that Dick should come up the rear end of the hash year too.

Many people and organisations love Dick and pay tribute to Dick including;

- Premier Gladys Berejiklian
- Alan Jones AO
- Wanda Nippers
- NSW RUGBY
- Jeff Fenech
- Bathurst Swim Club
- Phill Kearns & Selina Gilsenen
- St George Swim Club
- Mater Dei School
- Suzie Moroney
- St George Hospital
- ST George RLFC

To end, here is an inspirational story about a true legend, DICK .

When I first arrived at Carrs Park I was so young and naive, I was a kid who needed to grow up. Dick helped me become a better person with continuous support and care provided for me on a daily basis.

Without Dick in my life I would not have experienced all the amazing opportunities being presented to me.

Dick taught us all important lessons on how to be better people and would always be there in our darkest hours. I owe so much of my growth to the amazing Dick.

I am always here for you Dick and will follow you anywhere,

Lots of love SIR LES

## Visitor

It is always great to have visitors. This week, we welcomed back Calici – who loved re-discovering the Ramsgate area and enjoying the architectural highlights that the region offers.

## **CIRCLE RUN REPORTER- Cold Duck**

This week Cold Duck, swapped his role from Prick of the Week to Circle Run reporter – and did a grand job. He would be really good on committee. Below, are listed some of Cold Ducks insightful and well-considered commentary on the run.

- Although he was excited to learn more about Carss Park and Dick Caine, he observed the at the run went 180 degrees the other way – down through Scarborough Park
- He spent a lot of time discussing how the trail went past the Fantasy Lane sex shops , and that the pack was held up as Blondie and Bingo wanted to go in.
- He thought the hares were unfair using Cameron as a decoy. They made hm run on all the on-backs, leading the pack off trail. He was then able to sprint back to the trail – and was ready and eager to run up the next on-back.
- Cold Duck loved the daylight run, through some varied bushland, suburbia, sex shops and golf clubs

Cold Duck then awarded the run 8.5 / 10 – and was howled down for being a “Miserable bastard”

Great way to end a hash year – thanks Scotch Mist and family !!

## **PRICKETTE AWARD**

So many nominations and so little time

- **Grenade** – When visiting Fantasy Lane with the pack, exclaimed that the area brought back some “great memories”
- **Goldmark** – told the pack that the shop assistants in one of the shops was really “so nice” – ask her to join the Hash!
- **Rabbit** - exclaimed that she thought the sex shops down the road were better.
- **Slotcard** - didn't waste time and just headed in to the shop to get check it out.
- **Bingo** - meanwhile was running with the pack and came to the last set of lights next to the Intersection Hotel. When the lights changed for the pack to cross, instead of walking across the road and meandering up to the Bucket, she sprinted off towards the beach, thinking she was still looking for trail miles away from the pub.

## **PRICK AWARD**

- **Ringless** – for not joining Slotcard in the Sex shop, but just taking photos of her there for his facebook page.
- **Doc and Blondie** – for missing the whole “Daylight saving” thing and relaxing over a cup of tea, while Dish waited patiently outside to join them heading for the pub. It all worked out ok, as they were only a minute late for the run
- **Pig** – Late for the run as a fairy or elf didn't appear overnight and move his big office wall clock forward an hour.
- **Cold Duck** – For leading the pack into all the sex shops, showing them the best ones and introducing them to the shop assistants, shop owners and their regular customers

**Winners !!** – Bingo & Pig

## **The Gorilla**

Melbourne Zoo had acquired a female of a very rare species of gorilla.

Within a few weeks, the gorilla became very cantankerous and difficult to handle. Upon examination, the Zoo veterinarian determined the problem.

The gorilla was on heat. To make matters worse, there were no male gorillas of the species available.

While reflecting on their problem, the Zoo management noticed Graham, a big Kiwi lad, responsible for fixing the Zoo's machinery. Graham, like most Kiwis, had little sense, but seemed to be possessed with ample ability to satisfy a female of ANY species. So, the Zoo administrators thought they might have a solution.

Graham was approached with a proposition. Would he be willing to have sex with the gorilla for \$500?

Graham showed some interest, but said he would have to think the matter over carefully.

The following day, Graham announced that he would accept their offer, only under three conditions:

"First," he said, "I don't want to have to kuss er."

"Sicondly, you must niver tull anyone about thus."

The Zoo administration quickly agreed to these conditions, so they asked what was his third condition.

"Wull," said Graham, "You gotta give me another wik to come up with the \$500."
