

Convict Trash

Run 1791 – 22nd March 2021

Hare: Slops – Kogarah Hotel

Starters Gun

Well after days of consistent heavy rain, what were we expecting? A well set run with clearly marked arrows and circles. Unlikely!

Amazingly so, given the crappy weather most of the usual convicts turned up for their weekly exercise, that being either to run or walk in the rain, or raise their arm at the Bucket afterwards.

The Hare informed the runners and walkers of the details of where to run or walk, and off they went for their dash in the rain, and all were back shortly after 7pm. Our shortest run ever!

Run Review by Merkin

A really good run, with so many arrows and circles under the awnings. Had to be the emergency code service markings.

We stopped at Pet Barn, found 2 girls in distress, so 10 blokes stood around watching while one bloke tried to shut the door of the girls' car. Definitely the highlight of the run.

We went over Carlton Station and did a loop around and back to the pub. Overall run was a bit short but to give Slops some encouragement to set another run I will award a score of 5/10

RA's Report –

Kogarah

- We have had so many runs in Kogarah, I'm running out of things to talk about
- Tonight I will talk about one of Kogarah's favourite sons, Clive James
- He was born in Kogarah in 1939 – he was born Vivian James – no wonder he changed it to Clive

- Sadly his father was a POA to the Japanese in WW2. He survived, but on the way home to Australia, his plane crashed, killing him and all on board
- Clive moved to England in 1962 where he remained for the rest of his life
- He mixed with other Aussies there – Bruce Beresford, Brett Whitely, Barry Humphries and Germaine Greer
- Clive became a TV Critic, wrote Books and Poetry, was a TV Show host, he produced TV shows, he was a Travel Host, he presented Documentaries, he was a Radio Show presenter and did many other things – he was multi talented
- He once described Arnold Schwarzenegger in his Body Building days, as “a brown condom full of walnuts”
- He spoke and read 6 languages
- Clive was a long suffering St George fan, having gone to school with Reg Gasnier. We have some of them in our Club!
- He was a heavy drinker and smoker most of his life, smoking up to 4 packets a day
- Clive died in 2019 aged 80. For many years he had had Leukemia, Emphysema and Kidney Failure (little wonder given his habits)
- Just before Clive died, he said he was embarrassed that he lived this long given his lifestyle choices

Prickette

Dundee nominated Hellismeller for doing the whole run – Female of the Year

Duck nominated Bingo for having a sneezing fit on Friday night at Loaner and Squattings' place, 22 odd sneezes, spreading Covid, and worst still she spilt wine on Loaner's prize work bench

Slops nominated Taxing – when she arrived at the pub, Slops gave her directions, and then about 5 minutes later, Rabbit gets a phone call from Taxing wanting to speak with Slops asking for directions again (and for having her phone with her on the run).

Rabbit nominated Bingo for attacking this harmless bush cockroach who was minding his own business crawling up the wall, obviously not interested in watching the football. Anyway when Bingo attacked it with a can of Pea Bea spray the cockroach fell to the floor and died and an agonising death.

Prick

Grewsome nominated Dundee for wanting to murder a butterfly on the weekend but Dirty Weekend came to its rescue (she wasn't quick enough to save the cockroach).

Bingo nominated Dundee – coming home yesterday, Bingo suggested to Dundee that he might want to be in the left lane if he wanted to travel the NorthConnex to which he said “I know” so when they were coming up to the sign for Sydney Airport, she didn’t want so say anything, (and I think they missed it).

Duck nominated Sir Les – we all gathered at Squatting and Loaners’ on Saturday morning so we could travel in a convoy to the wineries, and we were all waving at Sir Les as he took off, only to be ignored, and then finally he realised his tailgate was open

APPLE DOES IT AGAIN!

Apple announced today that it has developed a computer chip that can store and play Hi Def music in breast implants.

The **iTit** will cost between \$499.00 and \$699.00, depending on speaker size.

This is considered to be a major breakthrough because women have always complained about men staring at their tits and not listening to them.

A great dunny read coming your way again....
