Circle Report

Hannibal was shivering under an umbrella with a makeshift lighting arrangement as he called circle up for the tenth time & we were forced to shine lights into the rabble to bring them to order. He first noticed, upon arrival, that a waxing upstairs was available to some patrons of the retail complex, which he thought was quite strange as most waxing of which he was aware (he's married so he knows these things) occurred downstairs.

We also learnt that it was the home of the bra boys, who obviously attend the local pub, which it was reported had a comfortable, clean motel with a bar. Thus it was in the bar establishment, that one of its regular member group had created a mooning & farting competition won regularly by **Loan Arranger & Goon**.

Another previously unknown fact in the area was the surf club supposedly established in 1973 was actually established by a local group of gynaecologists (that's what they called them in those days, today we call them perverts) in 1907. Apparently there was a shark attack in 1953, where the local beach protector one Ross Milne (wouldn't be allowed these days as he'd have to be accredited by the local council, constabulary, eight State Government departments & the Prime Minister before he could assist anyone, otherwise he'd be placed in solitary confinement) stabbed the bastard to death & he was battered & eaten by the populace in a local barbecue.

Run Report

Run reporter, **Merkin** was nominated once again to officiate in the last rites of the run & suggested it started with some confusion – well I wouldn't necessarily call it confusion, I'd call it running 180 degrees in the wrong direction. Will whomever sets the next lot of runs before the new committee please point the Trail Master in the right direction before we start? However (I'm not going to write anyway Shit **Anyway** until she returns) we eventually found trail &, despite the rain, there were plenty of arrows & good on backs & checks.

Apparently the highlight for the Run Reporter was watching **Duck** fall on his arse as he, once again decided to rush home to watch his team getting beaten. We have, in fact, received an urgent email from Shane Flannigan & the entire Sharks squad, to chain up **Duck** on Monday nights so he has to watch the humiliation from the pub in future.

Despite the confusion, he gave the run 9.25 out of 10.

80th Anniversary

Hash House Harriers (1938), Kuala Lumpur, Malaysia, is pleased to announce that it will be holding a celebration to observe its 80th Anniversary in September, 2018. Hashers from all corners of the hash diaspora bearing our name, or variations of it, are cordially invited to ‘return’ to the cradle – and the Eden - of hashdom, for a grand extravaganza in celebration of this momentous milestone. Participants will get to be a part of what is shaping up to be the largest congregation of hashers the world has ever known. Motherhash is ready to welcome you back to the origins; be transported back in time to where our hash forebears

first germinated and gave birth to our very realm. Gispert and his band of trailblazing initiates of 1938 will be on hand, metaphorically, to welcome you back to our spiritual home, the HASH HOUSE. Yes, Motherhash's 80th Anniversary will conjunct with the unveiling of the resurrected HASH HOUSE, albeit by necessity in a different locality.

Be the fortunate first 1000 registrants, and pay only USD80.00 for the hashing experience of your lifetime! Registrations can be done online. Visit our website at: www.motherhash.com, and click on the link to our 80th Anniversary.

Please note that registrations are only accepted via our online registration portal as mentioned above, so please help out your friends who are not so IT savvy. We will not accept any hard copy or direct registrations. This 3 days event is open to ladies as well.

On On to the BIG 80th!!!

Hardy Boy Organising Secretary Motherhash's 80th Anniversary

Ps We strongly suggest, the real hashers register quickly before the Early Bird rate is all taken up – 518 at time of writing.

Dundee's Rant of The Week

I was listening to a radio programme the other day, where a discussion ensued around the apparent fact that women can't reverse park. Now I believed that to be a generalisation so completed my own exhaustive study, which revealed that it was indeed a generalisation.

Not all women can't reverse park, it's just the ones with big tits. Women with little tits can almost park as well as a man.

In fact it becomes a physical impossibility for a woman with big tits to turn her head to any great extent whilst also attempting to turn the steering wheel because her tits shorten the length of her arms thereby reducing manoeuvrability. All you blokes try to reverse park with a bloody big pillow stuck in your chest.

Of course there are other benefits for big tits that negate the reverse parking disability, like (if you're a partner of said person) having somewhere to put your head at night if you're short a pillow etc.

Snickers' Serious Scientific Summations

Snickers is working on an extended arm attachment to assist the women with big tits whilst they're reverse parking.
