## Circle Report

**Hannibal** was returning from a well - earned rest considering his attention to detail from intensive suburb research (we're all amazed how he can get out of bed in the morning from all that work) & began by suggesting that Miranda was the throbbing heart of the Shire, for which all the Harriettes began frothing at the mouth from the mention of the word throbbing. Then prattled on about how Miranda was named by some bloke called Shakespeare or something from something called the Tempest or Tampax or something.

Then we heard about steam trams in the Shire between Cronulla & Sutherland, must've been for the abos. Then he degenerated into some garbage about head jobs but I don't know what that is so can't comment. Some really enlightening moments occurred when he divulged the suburb may have had something to do with Carmen Miranda, the sheila from Brazil, who actually came from Portugal but realised the only thing any good in that country was the port – both types – so she pretended she came from South America & the only place that spoke the same lingo was Brazil. Apparently she was only married once but fucked copious amount of times & wore a hat with a shit load of fruit on it just in case she became hungry whilst rooting.

## Run Report

Run reporter, **Loan Arranger** was selected cause he was the closest person to the TM to complete the last rites over **Rexy's** run, suggesting it was a paradox – we all went for our dictionaries but pair of ducks didn't mean anything so sought an explanation – then I have written “good looking, had to wait 25 years for a root” so I'm not sure whether that was the pair of ducks or **Rexy?** As for the run we had big arrows & checks but not enough of them & she, being a schoolteacher, was allowing us to fill in the gaps until we found the solution, which completely confounded the TM, who had the map but had it upside down all night.

We then had to learn that **Squatting Squaw** did what she did best & he gave the run 89.9 out of 10, which shows why he's no longer a bank manager.

Visitors: - **Oswaldo, DNF & Hell I Smell, where the fuck was Powerhouse?**

Athletes: - **Winning Streak – 700 runs but that's what he gives every Harriette.**

Birthdays: - **None**

New Shoes: - **None**

## Prickette and Prick nominations

**Snickers** was nominated by **Squatting Squaw** for displaying his enormous member (this isn't a factual account is it **Anyway?!**) from a window within his abode, attempting to attract interest from the females, who populate the walking area of the boulevard. Unfortunately none had microscopes with them apart from **SS** so there weren't any complaints.

**Taxing** was nominated by **Holeproof** for telling her she couldn't attend the run until she finished with her hair. It was 3 o'clock. I don't know what she was doing with her hair or what hair to which she was referring but nothing appeared plaited & I wasn't invited to check all of it.

**Squatting Squaw** was nominated by **Snickers** for looking in his window without coming in to take a closer inspection.

**Dunno** was nominated by **Dunno** for

Just keeping some areas operative for next week so I don't have to do it again (I call them macros).

## Bundanoon AGPU 2016

Bundanoon YHA is an Edwardian era guesthouse with sweeping veranda's for chilling on warm days, a crackling log fire in the lounge for when it's cold and green grassy grounds to lie on and watch the clouds go by. A very relaxed atmosphere makes it the perfect venue for our Botany Bay AGPU.

There is a well-equipped self-catering kitchen, including a big outside BBQ. There is a spacious dining room waiting for us and our dinner. Nine bedrooms sleeping up to 44. We are renting the whole YHA for the weekend. This gives us the whole house for exclusive use with a bonus late check out.

### WHATS TO DO AROUND AND ABOUT BUNDANOON

Bundanoon is the gateway to the magnificent Morton National Park. With scenic lookouts over deep gullies and waterfalls, walks through rainforest and abundant wildlife, it has something to offer everyone. Not to be missed is an evening walk to the famous Glow Worm Glen. It is a must and it's free!!!

Stroll the village shops and cafes and take home jams and pickles from the local village markets. Play tennis or golf, swim in the community pool, visit the pub for some classic country ales or take away a pizza, fish and chips or a Chinese meal. Hire a mountain bike to explore the quiet country roads or extensive marked off road trails of Wingello State Forest.

Take a trip to local wineries, adventure at Bungonia or Wombeyan Caves, see historic villages of Berrima and Joadja. Absorb the natural majesty of Fitzroy Falls and the Illawarra Fly, a sensational tree top walk, or canoe on the Shoalhaven, Kangaroo and Wingecarribee rivers.

So much to see and so much to do.

## **80th Anniversary**

Hash House Harriers (1938), Kuala Lumpur, Malaysia, is pleased to announce that it will be holding a celebration to observe its 80th Anniversary in September, 2018. Hashers from all corners of the hash diaspora bearing our name, or variations of it, are cordially invited to 'return' to the cradle – and the Eden - of hashdom, for a grand extravaganza in celebration of this momentous milestone. Participants will get to be a part of what is shaping up to be the largest congregation of hashers the world has ever known. Motherhash is ready to welcome you back to the origins; be transported back in time to where our hash forebears first germinated and gave birth to our very realm. Gispert and his band of trailblazing initiates of 1938 will be on hand, metaphorically, to welcome you back to our spiritual home, the HASH HOUSE. Yes, Motherhash's 80th Anniversary will conjunct with the unveiling of the resurrected HASH HOUSE, albeit by necessity in a different locality.

Be the fortunate first 1000 registrants, and pay only USD80.00 for the hashing experience of your lifetime! Registrations can be done online. Visit our website at: [www.motherhash.com](http://www.motherhash.com), and click on the link to our 80th Anniversary.

Please note that registrations are only accepted via our online registration portal as mentioned above, so please help out your friends who are not so IT savvy. We will not accept any hard copy or direct registrations. This 3 days event is open to ladies as well.

On On to the BIG 80th!!!

Hardy Boy Organising Secretary Motherhash's 80th Anniversary

Ps We strongly suggest, the real hashers register quickly before the Early Bird rate is all taken up – 518 at time of writing.

## Dundee's Rant of The Week

Had a short conversation with our resident scientist about the benefits of using Uber against taxis – I was for Uber he was for the cabs. Benefits to me are, price – Uber's usually always cheaper, convenience to use – just hit the app button on your phone, cleaner & above average type of vehicle – I usually seem to be able to snag a BMW, English speaking drivers – no comment necessary, no fumbling with cash or credit cards when arrived at destination & the drivers are always very courteous as they get rated after every trip.

Snickers major problem is it's not a level playing field at the moment, which is true as governments haven't or won't legislate to allow Uber legality of operation. The reason for this is that the cab companies don't want them legal as they would take all the cab business. Apart from the cab companies being out of business, the owner/drivers would be out of pocket many hundreds of thousands of dollars in the plates they've purchased.

To me that isn't an argument as it stifles competition in a marketplace &, my experience in traveling to other countries suggest the preferred mode of travel is always Uber or as in China, some other group with similar facilities.

So the question is – do we want to continue paying high prices for taxi fares for substandard vehicles, with incompetent drivers or go with the market?

Many of the Uber drivers only use the facility part time, similar to a fare I took on the Gold Coast, where the driver worked on an oil rig – 4 weeks on 4 weeks off - & his missus didn't want him around the house so he drives with Uber when home, perfect situation & keeps his marriage alive.

PS I'm not a Uber shareholder.

## **Snickers' Serious Scientific Summations**

**Snickers has been seconded by Elon Musk to assist in devising a system required to colonise Mars, which he hopes will be in place within the next 10 years.**
