### Run Report

The hare may not have been happy with the weather on Monday afternoon but this TM was - especially when Goon offered to be TM for the first half. I gratefully accepted the offer.

The first half of the trail was almost completely washed out but Goon did an excellent job of keeping the pack together, both in the streets and in the bush. The second half had been laid after the rain had stopped so there were plenty arrows but Goon kindly kept hold of the gyprock. We crossed the railway line and went back into the bush where we passed the walkers.

A mad man's loop near the end resulted in the front runners coming in last. An excellent run, particularly in view of the conditions, and looking at the map I'm sure it would have been outstanding in dry weather! **On On Scotch Mist**

## **Circle Report**

If you happen to wonder why the Trash does not get posted until late in the week, it is because every Friday I have to call Grewsome or Scotch Mist and say SEND ME THE BLOODY RUN REPORT, please... Rang SM at 12 noon today, she called back after 2pm, still at Lidcombe, just finished golf, report should be with me by 3pm. Get your priorities right, keep playing golf 😊

## **Run Reporter : Scotch Mist :**

Great run, kept the pack together and the map wasn't needed and I didn't have to do anything. Well done, Tickle, always sets a good run – score 9.99999999999999999999999999

## **Prick Nominations**

**Duck** nominated **Scotch Mist**; she commented (presume referring to his “quacker”), “I thought you had a much bigger horn than that”. Beak out of joint, he retorted “it's quality, not quantity that counts”. Does quality and his quacker go together like a bird and feather..... ?

**Goon** gave up **Pseudo** but I didn't get the gist of this one, something about catching a train – would you all mind speaking slower in the circle please, if I write too fast, I cannot read it.

**Holeproof** also dobed in **Pseudo**. They had been at a sailing club enjoying quite ale or three, caught the bus home, rounded a steep bend, Pseudos' slippery bottom had him off the seat and kissed the aisle. Bus driver's concern was stretched as far as an atom's width, old fart probably falls over all the time so nothing to do with him – Blame the Minister for Roads and Transport for making the bend too sharp.

## Prickette Nominations

JJ had to nominated **Holeproof**; the trail went passed 5 Ibox Street and, believe it or not, folks, THIS IS WHERE HOLEPROOF HAD HER FIRST ROOT, not on the shores of Botany Bay with Captain Cook in 1770. Not being a shy and retiring virgin, it was on the balcony in full view of anyone passing by and bugger the splinters. After their passionate encounter, he left weak kneed and breathless – why? 54 steps to the front door and back.
