Run Report

No run Report, Christmas got in the way - On On Grewsome

Circle Report

4 Popular Place proved, well, Very Popular! Cannon and Bower threw out the welcome mat and gave B2H3 another Christmas spectacular. Santa's Elves (Elfesses more correctly) because the ladies did the work, the Elves loafed around doing nothing but drink beer.

Circle was called by our staunch RA and then the big fella with a porcine nature who should have been kept in his sty yelled out that the RA WAS NOT wearing his cloak. No one else complained, grateful that Loan Arranger was not naked, stuff the cloak ☺.

Run Reporter : our little China, Carpet Burn:

CB reckoned it was a facsimile of previous Christmas runs but copy catting aside, she and Dr Hook were blissed out by the fact they could run without wearing gas masks, enjoy the luxuriant bush, breathe fresh, clean air and bask in sunshine AND they could see where they were going. In China, the atmosphere has been replaced by smog and bush has been replaced by concrete – and by “bush” I do not mean Brazil and bikinis, think more of Mike Baird and his vision for the future. Anzac Parade and Alison Road have already been bikini waxed. We will all be moving to China soon, it will be less crowded than Sydney. Run score 7.4 / Catering score 12++

Anyway, anyway – and where the fuck is Anyway, anyway?? And Snickers – there is only one of the JAMS left standing, the Stalwart Mudflap. Joystick’s excuse is that he has become an old fart who won’t move out of his chair, so, Anyway and Snickers, have you pulled up your chairs and joined him?

Anyway, anyway, enough of this rubbish, it is Christmas Day tomorrow and I have got far more important things to do – you are lucky you are getting a Trash at all (blame CB):

Visitors

CB, Dr Hook, Duke Box, Brazilian, Meltdown (2nd visit in as many weeks, hope you are considering rejoining!) plus Mona, Zac and Netta from the USA.

Prick Nominations

Rex nominated “**Mini Grewsome**” for showing her up. Only a kid but could his little legs move, embarrassingly faster than Rex’s could.

Sniffer nominated **Sir Les** – what was he thinking!!?? Low alcohol champagne in the bucket, worse than poofers mouthwash!

Spini had a go at **Dr Hook** for letting down the whole Hashmen fraternity – flying to Sydney he was upgrade to business class and what does he do? Gives it to his wife! Maaate, maaate, hashmen are misogynists, MYSOGINISTS, MAAATE!! Do not let the side down again.

Pig decided it was a good opportunity to kick a good man while he was down. Accused **Dr Hook** of trying to flog battery chargers with the tag line of “buy one and you will get a good root from your wife. Hey, maaate, maaate, this is more like it, your misogynistic side not complete obliterated by chopsticks after all (but, maaate, maaate, leaving misogyny out of the equation for a nano second, battery chargers do not put women in the “mood” - jewellery does.)

Prickette Nominations

Dr Hook nominated **Sniffer** – although she complained about the low alcohol bubbles, she was bloody drinking the stuff.

Holeproof dopped in **Taxing** she boarded a crowded train and insisted that some poor old bugger give up his seat because she needed it more than he did. She did give his walking stick back after hauling him out of his seat.

Pick and Prickette: Dr Hook and Taxing
