CIRCLE REPORT

Hannibal gave a brief history of the area. Zetland had the misfortune of being the rubbish bin of Sydney, all waste from surrounding suburbs ended up being dumped there. Rubbish was buried/burnt or sent out as takeaway dinners to the lucky local inhabitants.... Hannibal did give me his notes but I accidentally filed in the WPB so gone to where all good rubbish goes these days. When the Zetland rubbish tip was about to be closed, residents in the surrounding suburbs got the shits (where was it moving to?) they did not want their rubbish dumped in their own backyards, funny that! Rumour is the mighty waste disposal unit was nicknamed the "Anaconda" – fuck knows why, Anacondas squeeze the life out of you and swallow whole, very environmentally friendly really, unlike humans who dispose of everything everywhere

anytime which ends up in disposal units where it has to be buried or burnt (or sent out as takeaway - "best grits I ever tasted, just like my mamma used to make...").

Run Reporter

Our own Anaconda, the mighty Pig, began by mentioning the street with 27 cats – he obviously wasn't running too fast cos he has time to count them. Well-fed fat cats too as he saw the lady who feeds them carrying a very large tray of food. It was dark, could have been politicians, not cats, perhaps?

Blondie was "co-hare" and she was supposed to keep the pack on trail but no one could see her unless she smiled. When finally spotted, standing under a street lamp, Blondie confidently led the pack up a dead-end street. Pig decided Goon would be the better leader but he couldn't find him because Goon was running in circles looking for Blondie. Pig then thought following Rim Liquor was the way to go but it wasn't, she didn't have a clue either. What about following Dame Nellie? Nah, all he did was mutter nonsense, search for more rubbish to take home, claimed he was on trail as he always does but he wasn't, not an arrow in sight. Good news is, no one followed Bingo 😊 and the pack managed to return to the bucket.

Pig then admitted that Blondie had indeed kept the pack together and had done a fabulous job. Score – don't know but I'll give it 9.9/10 because Dish had the imagination to set the run in an area where no trail has been laid for a loong time. Well done!!

Athletes

This bloke has shuffled/limped/walked/trotted and sprinted a total of 1150 runs, congratulations, Dame Nellie!!

Prick Nominations

Hannibal nominated **QR** for carrying an umbrella for the whole run but not once putting it up (Hannibal – if you keep one with you, it won't rain as it didn't on Monday evening so thank you QR!).

Pig nominated **Hannibal** for not offering to carry QR's umbrella. No manners these days, should have helped an old bloke!

Goldie nominated **Lone Arranger** for claiming an RA CANNOT get a POW award – YES, THEY CAN!

Lone Arranger dobbed in **Slops** because he referred to Randwick Race Course as a "Dog Track" and, yes, in all fairness, both dogs and horses have noses, ears, four legs and tails but the only dogs you will find at Randwick Race Course are in the stands, often in high heels, high on alcohol and usually falling over at the end of the day. (In all fairness to Slops, Lone Arranger thinks a submarine is an aquatic camper van so both have identity issues.)

Prickette Nominations

Hannibal again. He nominated **Spini** because she pulled a groin muscle last week and used her own vibrating Anaconda to work its magic to repair the damage – and it did, works wonders, much better than a penis (depending on circumstances).

Lone Arranger was a big enough prick to nominate his wife, **Squatting Squaw**. On Saturday morning, he politely asked "how about a 69'er or shall we go for a run?" "Och noo, we canna do the 69'er, not in the mood and we canna go for a run, it's raining, we'll get wet, let's go for a swim instead...."

Pig nominated both **Squatting Squaw** and **Blondie**. Both wanted a pee and he directed them to a nearby loo, being the gentleman he isn't. "Och Noo" said SS, she preferred a nearby garden, as for Blondie, he didn't have a clue where she went because he could not see her.

Speaking of relief, **Dundee** nominated **Bingo**. She was flying from Cairns to Sydney. While awaiting her plane, or having landed, no idea which, she needed to use the bathroom facilities. As Bingo walked in, an old man exited from one of the cubicles. (Shite, wrong door!) "I am terribly sorry, Sir" she said, about to make a hasty exit stage left. "Who are you calling SIR!?" said a rather upset old lady.

Pick and Prickette: Shit!, didn't write it down
Guessing, . Bingo and Slops
