CIRCLE REPORT

JJ sat on the beer esky to prevent any more beers being drunk by drunks, saving the club money and more importantly, write the CR. However could not see a thing as dark as Blondie. Am illiterate anyway so it didn't really matter but Kizzme took pity and lent me her miner's headlamp which blinded everyone in the circle when I looked up. Must get one!

Duck gave a history lesson on the how North Sydney was named. Many, many years ago, a mob of indigenous blokes were hanging around Sydney harbour, south side, looked across and one said "Hey, bro', see that, must be North Sydney". "yeah, mate, must be, but who wants to live over there, it's a long swim from here...?" Only blondes with red Mercedes perhaps?

Apparently Mario Fenech was hit on the head in Falcon Street by some Maltese thug (probably a relative) and thereafter he became known as the "Maltese Falcon" ... yawn, so glad I can forget this fact.

Run Reporter

Our resident Anaconda, Pig, was again called up to be the RR. He claimed the pack, all “six” of them, found paths no human (except for Spini) had ever walked on since the Triassic–Jurassic period 201 million years ago when Dinosaurs stalked the earth (and in particular North Sydney). Pig did mention the word “excellent” at this point but it was all downhill from then on figuratively speaking. He claims arrows were mixed in with Larrikins trail(s) and/or disappeared altogether. Towards the end, Pig thought they must go via the flyover to get home but no, could not find any trail so ended up going backwards on the outward trail. Then everyone got lost because it isn’t easy following arrows backwards (really?). Finally found their way back to the bucket using the moon and the stars and the Warringah Freeway as their guide (not Bingo 😊). The mean Piglet (Anaconda status altered to “snake in the grass”) awarded Spini’s run 1 point, then generously added 0.5 because she was brave enough to set her run over the coat hanger and well away from the Shire.

Lizard – nice to see you!

Prick Nominations

Pig nominated **Lone Arranger** for bragging about all the sex he gets – and the problem is, Pig? Jealousy? Feelings of inadequacy/feeling sorry for yourself because you don’t?

Goon – **DNF** for experiencing a lovely ferry ride this evening, only problem it took him to Manly instead of North Sydney.

Lone Arranger was on trail, **Duck** running out in front of him. LA spots a branch, it was going to clonk Duck on the head. OMG! Must save Duck!! What to do? Shout out “Duck!!” of course. Duck turns round “yeah?” CLONK! “OUCH, what the....”

JJ said **Lone Arranger** should have put hash protocol aside and shouted “Brian” instead...

Prickette Nominations

Rex had to add to Pig’s critique of **Spini’s** run by nominating her for what Rex considered illogical (perhaps strategically brilliant?) checks and on backs. Spini’s response: “I thought hash people had a fraction of intelligence”.

Lone Arranger nominated **Blonde** – she was behind the pack of six. Brilliant idea thinks LA, lets revert to being the stupid school kids we really are, hide in the bushes, leap out and giving her a fright. They leapt out, Blondie did not even flinch. Could smell them a mile off and you may not be able to see Blondie in the dark but she can spot a pale skin or six a mile or more away..

Pig nominated **Lizard** for being a tossa, cannot expand on this, what she tossed, where and when but don’t think it was Tossa she tossed, besides, don’t give a toss if she tossed Tossa or not but she’d have to be bloody strong to toss Tossa anywhere.

Pick and Prickette: DNF & Blondie
