### Run Report

This is the Run Report from the one person, other than the TM to actually complete all the run so no objections will be considered. The hare had set a very interesting run, clockwise (as opposed to anticlockwise for all those Harriettes with a lack of direction – don't know why I bothered with that rubbish, none of them would understand anyway), from GyMEA carpark heading east (that's towards your place Bingo) before crossing Presidents Avenue ( that's the Shire one not the Kogarah one) & meandering around South Miranda (that's near your old joint Moa) & heading back west (that's the opposite of east Bingo, away from your place).

We then were presented with a little bit of bush (semi Brazilian) & some interesting on backs & checks that confronted some of the lazy bastards to the extent they decided to short cut back to the bucket but ..... they had no idea of where was the bucket so continued to meander in ever decreasing circles until the inevitable – they

finished on trail behind yours truly & the TM, even encountering & passing Dame Nellie, who had began his journey from Kirrawee - wrong meeting place again.  
I thought it was an excellent run from someone, who doesn't run regularly & there are plenty of regular runners who should take note - plenty of arrows please.

## CIRCLE REPORT

We were reminded by the RA that next week would be our 1600 run, which included a lucky door prize - a dirty weekend with Dirty Weekend I think, which probably means if a Harriette wins it'll be a weekend putting up with Duck's snoring I suppose.

loaner called on Duck to, once again, give his dissertation on the origins of Gymea so he related all the previous stuff - Gymea Lily (I thought she was the local in the Vinyl Room), abo for no lebs, Pub was formerly a shiteap, where ex Cronulla players went to let off steam, run by former world boxing champion, Vic Patrick, who also had a pub in Surry Hills called Vics, also the most undesirable suburb in the Shire apparently.

Sniffer was then asked by all the harriettes present to give us a run down on her Vinyl Room (Grab a Granny disco) exploits but she was too pissed to remember anything & was pleased she always packed a dozen condoms before attending.

## Run Reporter

**Rim Liquor** was selected to administer last rites to **Venus's** Gymea gallop & began by talking about the weather & what **Saint & Bingo** were wearing, which was at a conflict to the balmy night - glad she didn't see **DW's** 3 layers outfit & was lucky **Rexy** was otherwise occupied, with her mink gloves that she uses to seduce unsuspecting men. But it was a good run with plenty of arrows, ensuring everyone was on trail at all times, except when the Trail Master took us up the wrong street.

Being offered a short cut by the TM, she then became disoriented & finished 10 minutes after the pack but still found the run to be worth 8 out of 10.

## Visitor

**Hell I Smell Her**, who obviously enjoys Gymea.

## Prick Nominations

**QR** nominated **Dundee** for asking all & sundry, before the run, to help him find some bloody round thing that he reckoned had fallen off the end of his head torch. After 20 minutes of checking every inch of land in the vicinity, he realised it was actually still attached to his torch.

## Prickette Nominations

**Saint & Blondie** were nominated by **Goon** for trying to send him in opposite directions when he asked them which way was the bucket. **Dundee** suggested **Goon** should be Prick of the week for being stupid enough to ask women for directions.

**Blondie** was again (every week) nominated by **Pig** - for taking at least 16 goes at trying to park her car, even though she actually alighted from the car just to check (twice).

**Moa** was nominated by **Loan Arranger** for recognising **Hannibal** in the car park area, when he was overseas - must have great eyesight.

## Pick and Prickette: QR & Blondie

## Dundee's thought For the Day.

**Nothing in life is as important as you think it is when you are thinking about it.**
