### CIRCLE REPORT

None, the scribe is too tired, working a six-day week is killing me... yeah, I know, you used to work 24/7, eat grass for breakfast, lunch & dinner, lived in a shoe box with no lid and used Hovis bread crusts as sandals but I don't care about you, I only care about ME!! This morning, I was to get my much-treasured much needed beauty sleep lie-in, YEAH, er, NO. At 7.30am, the rumbling of the wardrobe's three sliding doors several times while SOMEONE looked through their 10,000 shirts to find the one he wore last week followed by the fumbling and tumbling amongst 200 shoes to find the pair he wore yesterday, was an alarm clock I could not ignore so I gave up, got up, and started stuffing bags with shirts and shoes destined for Vinnies....

Circle protocol was turned upside-down this evening by our TM, he had to take his son for a pee just as the unruly mob was called to Circle Up, Grewsome returned, son in hand and then again, we were interrupted, it was a Moses moment as a car split the group and drove through our midst. "Could have knocked out 30 geriatrics at once" quipped the RA who then had to retreat and call on Spini to use her whip to quell the other 28 geriatrics demanding to know who he was calling a "geriatric!"

## Run Reporter

Dame Nellie gave a meandering account of the trail because he wasn't on it. "It started here...", found the Captain Cook Bridge, then Botany Bay, then a golf course, played 9 holes then remembered the bucket and managed to blindly find his way back to the Hotel car park. Claimed trail was well set even though he never set eyes on a single arrow : score 9/10.

Brief History lesson was given by the eminent Hannibal but there obviously isn't much to say about Ramsgate and only a few words about the pub. The Intersection's claim to fame : a very well sprung dance floor and perhaps that's why Slotcard's mother referred to it as "the Intercourse Hotel".....

## Visitor

Bren Gun and Sandra Dee who was wearing her rather lovely T-shirt celebrating Midwives day:

## Birthday:

Holeproof's last Sunday but she sadly did not get a telegram from the Queen, she isn't quite old enough yet...

## Prick Nominations

**Hannibal** nominated **QR** for wearing a fanny bag on the run – was it a poofter purse or was QR a Hermaphrodite? Guess who got Prick of the Week as there was nothing to top that although **JJ** attempted to by nominating **Dame Nellie** for getting lost in an area he must have run in 50,000 times but was told Dame Nellie was not there tonight (huh?). He bloody well was because he gave the fucking run report! Conspiracy theory anyone?! (NB: the Run Report was given after the Circle.)

## Prickette Nominations

**Duck** nominated his lovely wife, **DW**, for losing her car keys in her handbag.

**Spini** also nominated **DW**. She had bought tickets for a show and then completely forgot about it until the evening of the show. OMG! **DW** rang **Spini** and **Venus**, both being ready willing and able so they accompanied **DW** to the show (hope it was good!)

**Pseudo** nominated **Spini** and **Venus**. Wanted to know why they were ready, willing and able at the last minute when they should have been ready, willing and able with hot dates lined up.

# Pick and Prickette: QR and DW

**"Let's try getting up every night at 2:00 AM to feed the cat. If we enjoy doing that, then we can talk about having a baby."**

When people point at my pregnant belly and ask if I know what it's going to be, I like to say, "We're hoping it's a baby."
