## Run Report

Arriving at the lasciviously appointed Kogarah Tavern I ran into BIG EARS who, funnily enough, I had momentarily thought about earlier in the day. I told EARS that and he in a most hashmen like way immediately asked if I was masturbating at the time. That will remain a secret but golly gee that vaso can be hard to wipe off the hands.

SCOTCHMIST was lost in the backstreets so SLOPS gave me the map but no chalk. I felt like a gelding but channelling stallion like strength directed the runners towards Carlton. PIG and SIR LES found trail and DUCK made sure we were all in quacking range.

TICKLE and CANOOKIE showed superior hashing skills and didn't do any on backs while RIMLIQUOR did them all.

At this point we headed inland. I needed a compass and our RA, the great LOAN ARRANGER, who has no moral compass, wasn't able to help.

The aroma of medicinal cannabinoid products wafted gently in the air.

DUNDEE found trail and tried to shortcut thereby insulting the TM. I told him if he crossed me again there would be consequences.

Luckily SCOTCHMIST arrived with DAME NELLIE who had been randomly wandering the streets. As SCOTCHMIST took over and had a firm grip on 12 inches.....of chalk, I left the further TM'ing to her and as they say, ' Bob's your uncle'.

What a wonderful trail SLOPS set I wish he set the trail every week.  
ON ON HL.

## CIRCLE REPORT

Didn't understand any of the preamble, which sounded like something about an Orchy bottle or something, which you didn't drink from but smoked or something – come back JJ.

## Run Reporter

**Pig** was selected to administer last rites to **Slops'** Loopy Kogarah Caper, which he thought was terrific because it took him down a shit carter's lane & that was the high point of the run. Apart from that & the fact that there were no arrows to show the end of any on backs because he was too lazy to actually do the on back himself, entitled him to 1 out of 10, which was 6 points higher than a run he gave to former member **Tossa**.

## Visitor

**Ringless**, who was hesitant in accepting a beer, good grief most times he'd drink it out of a shitty sock.

## Prick Nominations

**QR** was nominated by **Spinifex** for having a blow up doll instead of a real woman like her (read down).

**Joker** was nominated by **Slotcard** for being left stranded at the top of an up escalator when he wanted to go down & the rest of us were left to wonder where said escalator was located as none of us espied such a contraption on the run.

**Pseudo** was nominated by **Holeproof** (of course) for (now bear with me because I didn't understand much of this) for asking her to lie on her back with her legs open & think of sex or something. Now I don't think it takes her much to think of sex but was left to wonder what he was doing whilst all this was happening. Yes probably that I suppose.

**Dame Nellie** was nominated by **Big Ears** for telling him always has trouble reversing his caravan in first gear & we all just nodded in understanding.

## Prickette Nominations

**Slotcard** was nominated by **Spinifex** for telling **QR** that she got his thing & he could put his thing in it – all I could think of was a blow up doll.

**Dirty Weekend** was nominated by **Spinifex** for thinking that the old band "Mental as Anything" was actually called "Mental as Everything" & that's because of the people with whom she works I think.

## Prick and Prickette: QR & Blondie

**Jokes:** **Big Ears** told a joke about removing & replacing a woman's dress caught in her knickers & **Slops** told the one about the cat being buried.

## Dundee's thought For the Day.

Nothing in life is as important as you think it is when you are thinking about it.
