Run Report

Don't have one but will include if & when it arrives, unfortunately I only made 200 metres of the run so can't give a definitive report &, before I hear "that's never stopped you in the past", it would be remiss of me to cast nasturtiums on one of our budding flower beds when she obviously spent a lot of time setting it.

CIRCLE REPORT

Hannibal was called upon to report on the notoriety of the suburb, which is, apparently the 379th. best suburb in Sydney, which only has 236 suburbs, which means it's probably considered to be part of greater Wollongong. He also suggested it was place that Jane from Maroubra can't park but she's a woman & that means it goes with the territory.

He's passed the rest of his rubbish for me to print:-

"If you can afford a BMW or live on the water, then you'll love this area. If you visit the local schools you will see the types of Mums picking up their kids. The ones dressed to the nines parking their new 4 wheel

drives, smothered in bling & the Mums who have walked to the school & look like they have spent the day caring for kids & doing housework rather than directing the cleaner on what to do next. (don't know where he gets this drive!).

This suburb has a big issue with what side of the fence you are on financially, kids as young as 5 are being questioned on the labels they wear & the occupations or residential status of their parents.

If you want your children to grow up level headed, with good manners, then I would not recommend you do it in this suburb but if you don't mind your kids being spoilt brats, who are rude to people & have no manners, then you will love the attitude of the locals. (Holeproof grew up here I think).

Expensive council rates, bad roads with lots of potholes & overgrown trees covered safety mirrors on blind spots – terrible place to try & park. Expensive for everything with limited choice of schools, very good if you make the Burraneer Bay school line but terrible if you end up at Cronulla Public School as Cronulla is full of 1 & 2 bedroom units, which single mothers & low income earners pile their families into just so they can stay in – cop that Joystick.

Do your homework before you decide to buy.

Run Reporter

Hell I smell Her was selected to administer last rites to **Moa's Woolaware Wander**, which she thought was a good run with lots of arrows (that was so Moa could find her way back when she became lost, or is that Bingo I'm thinking of?). It went down here & over there, some desperate old bloke asked whether she was lost & needed some help & offered a bag of boiled lollies if she would assist him make his bed so she short - cutted home & gave the run 7 out of 10.

Visitor

Hell I Smell Her, String Bean, Old Molar, Baked Bean, Vince (Bingo's Dad) & George Michael – Rabbit's Dog, who was named because he likes to lick dicks I think.

Prick Nominations

Grewsome was nominated by **Merkin** for having sex with a dog (George Michael I suppose) & locking his Kids in the car in order that could use their knowledge to pick the lock like his Dad taught him when he was young.

Prickette Nominations

Old Molar was nominated by **Pig** for lowering her screaming decibels – might have something to do with member size when she was younger & doesn't matter anymore.

Prick and Prickette: Grewsome & Old Molar.

Dundee's thought For the Day.

Nothing in life is as important as you think it is when you are thinking about it.
