## CIRCLE REPORT

**Loan Arranger** in the absence of our esteemed historical expert, with all the invented titles, invited **Doc** to remind the group of his most recent memory of Como, which entailed a decidedly long train trip from Bondi to the North Coast – The Shire being the centre of all civilisation – when he was nine & steam trams & trains were the vogue. Apparently it was also the habitat of the St. George Rowing Club at the time to which he was invited but failed to tell us why, maybe it was to spy on unsuspecting inhabitants (spying was & still is a major pastime of Eastern Suburbs creatures). In order to expand & clarify the delights of the suburb I supply this from Mr. Google:

*Experience the beauty and tranquillity of this secluded gem nestled on the edge of the Georges River. With an abundance of native flora and fauna, rich in history and heritage, Como is only 40 minutes by train from the Sydney CBD and all attractions are within walking distance of each other.*

*Named in 1888 by local, James Murphy, because the scenery reminded him of Lake Como in Italy, Como's attractions retain much of their original late nineteenth century charm.*

Which means there's been fuck all activity apart from **Holeproof's** bonking exploits over the past 100 years.

## Run Reporter

**Pig**, having been nominated by **Goon** to handle the Trail Master duties, decided to reciprocate his demise by nominating the aft-mentioned to officiate the last rites to **Holeproof's Carefully Contoured Como Canter**. Apparently, according to the stand in Trail Master, the nominator actually begged to be allowed to report on the run. This, of course, was a complete load of horse shit but it satisfied the Religious Advisor, who was becoming worried about the prolonged length of the circle & his inability to control the rabble, which may have affected his evening meal & after dinner bonking – **Squatting Squaw** turns into a pumpkin after midnight.

Well as for the run, the RR always worries about the Hare's runs because they generally contain a multitude of stairs, it's unknown as to why this occurs because she has trouble getting off her back, with her ankles behind her ears most days. But, on this occasion she chose to select the longest & steepest set this side of the Himalayas. There were also on backs from checks, which, apparently, is a Queensland tradition & shows why they always finish last in everything. & there were steps & steps & steps & steps & he thought it was a full moon but they doesn't occur until tomorrow night (Wednesday if you're late in reading this rubbish) but it was just the TM bending over.

He gave the run 2.5 but then realised the Hare was raising her machete & gave it 8.5 out of 10.

## Visitor

**Powerhouse, Meltdown, Hot Dick, Ice Box, Dingbat & Elizabeth (is that 1 or 2).**

**Birthdays – Top Bunk, who actually reached 70 despite the concerns of all who know him & a myriad of heart surgeons - & Dirty Weekend, who doesn't look a day over 23 but will answer to 35.**

## Prick Nominations

**Doc** was nominated by **Pig** for doing as he was told – see below.

**Goon** was nominated by **Pig** for something about getting changed into something nice or something (buggered if I know) & then for nominating himself as a monarchist (we all laughed).

## Prickette Nominations

**Sniffer** was nominated by **Sir Les** for abusing him last week for not having any Jacobs Creek Sheila leg openers at the bucket (didn't think they needed any) but he checked when he closed the bucket to find two yes two full bottles unopened.

**Holeproof** was nominated by **Top Bunk** for calling him from some outpost in Wangi Wangi whilst he was just about to drink a beer – even **Winning Streak** doesn't interfere in his imbibing.

**Blondie** was nominated by **Doc** for complaining that the watch she received for her birthday wasn't heavy enough – obviously she was expecting gold rather than tin foil, then she also called him on his phone (he in the circle, she at the car) to bring her the car keys (yes she really is blonde).

## **Prick and Prickette: Goon & Blondie.**
