Everything Missing Here Is On the Web Site

Run 1528

Must have been that **QR** thought he'd done enough being the TM & Run Reporter that he didn't need to supply a written report this week so here's what I thought happened.

Tooth Fairy made his usual appearance at the folks Christmas celebration & stole the map for the run & took off, which left everyone stranded as to where to go (rain had washed out the chalk & flour or, more likely there never was a trail) so **Grewsome** decided to introduce his local knowledge by leading the clueless rabble through previously uncharted or travelled jungle.

Clambering over fallen tree trunks, **Bingo** complained about the lower position of her crutch as opposed to **Pig** who retaliated by suggesting to her that she didn't have any dangling bits so the remark was unnecessary. Not sure about how dangly **Pig's** bits are but I'm sure they don't reach the same spot as her non dangly bits in an upright position – body not dangly bit cause then it wouldn't be dangly would it?

The rest of the run was all uphill so not worth reporting except to note that most of the remaining rabble decided to shortcut to the bucket, leaving the athletes to finish the 6.3kms. Good run but what it had to do with **Bower Bird** I wouldn't know.

Circle Report

Tumultuous applause greeted the arrival of RA **Hannibal Lector** on his return to administer control over our annual Christmas jaunt. Not to appear ruffled by the group's adulation he immediately called on **QR** to administer the last rites.

Run Report

Apparently, according to the aforementioned, **Bower Bird** had been up at Dawn's crack, which upset **Holeproof** as she'd been shagging **Pseudo** & wasn't aware of the intrusion, setting the run, the map of which was handed to him on arrival. Unfortunately it was then stolen by **Tooth Fairy** & was never seen again – either of them (he or the map). Fortunately a leader emerged from the pack (see above), who found more bush than available from a room full of Harriettes.

Don't understand why but the non-run was given 9 out of 10.

Visitors: - **Vicki, Josephine (mother of Squatting Squaw), Tooth Fairy & Brazilian.**

Athletes: - Tickle – 700 runs

Birthdays: - Jesus

Prickette and Prick nominations

Tickle was nominated by **Pig** for refusing to leave her car before the run because it was raining.

Sniffer was nominated by **Slops** for not being able to tell the time or something.

Josephine was nominated by her daughter's partner – bloody brave man I reckon – for joining the nominator & partner starkers in a spa, which terrified some Christian bloke who was an observer. He decided to keep praying in the hope that God wasn't watching.

Dirty Weekend was nominated by **Big Ears** for not removing the stain from her husband's shirt but neither of them had noticed the stain & **Big Ears** notices everything, he's continually perplexed by **Dame Nellie's** attire.

Loan Arranger was nominated by **Merkin** for pretending he had a friend & that he was a Christian.

Sir Les was nominated by someone for looking like Santa without the beard.

Big Ears nominated himself for something or other – probably just to get a free beer.

Slops was nominated by **Big Ears** for only wearing a shirt to work & by someone else for opening the wrong car door for someone.

Pricks – Josephine & Loan Arranger.

Santa made an appearance & made everyone sit on his bloody boney knee - photos will be on the web site when people send them to me.

Snickers' Serious Scientific Summations

Nothing to report this week as Snickers was in Antarctica checking the depth of the land ice for kryptonite deposits.
