Run 1537

Run 1537 Picnic Point Bush + River Run

On On was called & we headed up the river
the way we had driven in: the first on back
caught all the runners & finding the took a
little time: it was back to the river for
a pressing jog along trail & board walk:
across Henry Lawson Drive & onto a check:
next it was through streets & parks with checks
& on backs & then back into the bush:
narrow tracks, wash outs & fallen trees &
a couple of steep climbs found us back
at Henry Lawson Drive for a short
run & back into the bush: this part of the
trail lead us back to Henry Lawson Drive
& onto the bucket: a good bush run &
well marked on on QR.

Circle Report

Hannibal was stunned by his inability to find anything from his thorough investigations on the area known as Picnic Point, which was probably because ASIO had removed all reference to the many dead bodies silting the Georges River at that point. If he had completed a small reconnoitre of the park he would've noticed an unused toilet block located within 100 metres from the bucket, which smelled as though it was housing a number of the bodies that couldn't fit in the river.

What he did find was that it was a suburb of the City of Bankstown, a city renowned for its dead bodies & inbred people, which would've upset Paul Keating & the Waugh brothers who were former residents. He also implied that the movie "Deliverance" was probably made there.

The pub crawl committee was given a special mention – **Dirty Weekend & Jungle Jane** & another very special mention to **Rabbit** who supplied most of the eats for the night.

Noticed on a handwritten sign in southern USA:

'Half-wits,' with an arrow pointing to the left.

'Full retards,' with an arrow pointing to the right.

'Central bankers...straight ahead.'

Run Report

Merkin had been selected, once again - he just likes a free beer, to administer the last rites to Run 1537 & began by stating something about **Big Ears** trying to commit self destruction by blowing himself into minute pieces or something – might have something to do with the close proximity of his abode to Punchbowl. He then referred to his best subject, which involved group sex but I have no idea to what was that relationship. He also said there was lots of bush – has to get the family name in there somewhere - & awarded the run 9.2 out of 10. Love how these fractions are evolved. Probably watching too much QI with Stephen Fry, the bloody big pommy poof.

Visitors: - Philli, who, I understand as given that name because she likes cheese. Being a red head I would've called her Blue Vein.

Athletes: - Venus 100 runs

Birthdays: - Rexy who refuses to divulge her age a bit like another Harriette.

New Shoes: - Joker & I'll keep mentioning it until he gets to drink out of them.

Prickette and Prick nominations

Merkin was nominated by **Jungle Jane** everyone else at Bundeena weekend for catching the ferry to Bundeena & twice going to the wrong venue – well it was the weekend & he was still recovering from the hard work week.

Jungle Janel was nominated by **Pig** for befriending a poor tortoise & taking it to a nearby pool when she didn't even know if it could swim. Then blaming the unfortunate animal for being late to the run, which will be considered one of the best nominations for a run non attendance at the AGPU.

Spinifex was nominated by **Loan Arranger** for suggesting she'd never seen a good looking penis & she's been searching for a long time but the question should be "how many have you knocked back??"

Holeproof was nominated by **Big Ears** for something dunno cause I can't write fast & have a lousy memory.

Spinifex was nominated by **Dunno** for something about hitting a car or something no bloody idea.

Bingo was nominated by someone for something – think it might have been about good looking penisi (is that the plural or is it peniseye?).

Pricks – Holeproof & Merkin

Participants will get to be a part of what is shaping up to be the largest congregation of hashers the world has ever known. Motherhash is ready to welcome you back to the origins; be transported back in time to where our hash forebears first germinated and gave birth to our very realm. Gispert and his band of trailblazing initiates of 1938 will be on hand, metaphorically, to welcome you back to our spiritual home, the HASH HOUSE. Yes, Motherhash's 80th Anniversary will conjunct with the unveiling of the resurrected HASH HOUSE, albeit by necessity in a different locality.

Snickers' Serious Scientific Summations

Today's Headline – “Snickers recalled by Mars”, which was probably the reason he didn't attend the run this week.
