Circle Report

Hannibal suggested that Kirrawee is in the Shire, which would've been a surprise to no one except the RA, had attracted another large group including the Cronulla contingent – even **Joy Stick**. He had, however, completed some research giving us the impression that it was abo for “Lengthy White Cockatoos” whatever that means – I suppose it relates to men who don't sunbathe nude or something. Abos were also believed to be living there 8,000 years ago apparently, just after the last ice age, which allowed them to emigrate from China in the frozen north, thereby ensuring the poles didn't tip over as per the suggestion from our illustrious scientist.

Kirrawee's also well known to everyone other than the RA for having a famous brick pit, which is just about to be turned into a retail facility, complete with pub. Someone suggested it would be like Queensland or something – God forbid, everything built on stilts.

Run Report

Hannibal had elected himself for the role of Run Reporter so he could have another beer without earning the ire of the Bucket Master & began by relating his knowledge of the run as “running all around Kirrawee with black scary bits” – bloody enlightening stuff, offering the jaunt nine out of ten.

Visitors: - **Geoff, Footy Head, Mum, Powerhouse & Linda Lovelace.**

Athletes: - **None.**

Birthdays: - **Mum (Pseudo did tell me her name but I've forgotten) who swallows ok for a married woman & Sniffer was offered a drink for becoming a granny for the first time.**

New Shoes: - **Joker & I'll keep mentioning it until he gets to drink out of them.**

Prickette and Prick nominations

Mudflap was nominated by **Pig** for making lots of noise & upsetting the locals

Dirty Weekend was nominated by **Cold Duck** for not appearing at the run last week because she just couldn't be bothered.

Winning Streak was nominated by **Big Ears** for asking him where her car was located as she couldn't find it, which was because she was standing right beside it.

Dundee was nominated by **Cold Duck** for not being able to spell Gasnier or something – see spell check doesn't know how to spell it either.

Top Bunk was nominated by **Pseudo** for getting himself so horribly pissed at the Souths game that he didn't know who won & I bet he hated it when he awoke to find the Bunnies had been belted all over the park.

Pricks – Winning Streak & Top Bunk

Hash House Harriers (1938), Kuala Lumpur, Malaysia, is pleased to announce that it will be holding a celebration to observe its 80th Anniversary in September, 2018. Hashers from all corners of the hash diaspora bearing our name, or variations of it, are cordially invited to 'return' to the cradle – and the Eden - of hashdom, for a grand extravaganza in celebration of this momentous milestone. Participants will get to be a part of what is shaping up to be the largest congregation of hashers the world has ever known. Motherhash is ready to welcome you back to the origins; be transported back in time to where our hash forebears first germinated and gave birth to our very realm. Gispert and his band of trailblazing initiates of 1938 will be on hand, metaphorically, to welcome you back to our spiritual home, the HASH HOUSE. Yes, Motherhash's 80th Anniversary will conjunct with the unveiling of the resurrected HASH HOUSE, albeit by necessity in a different locality.

Be the fortunate first 1000 registrants, and pay only USD80.00 for the hashing experience of your lifetime! Registrations can be done online. Visit our website at: www.motherhash.com, and click on the link to our 80th Anniversary.

Please note that registrations are only accepted via our online registration portal as mentioned above, so please help out your friends who are not so IT savvy. We will not accept any hard copy or direct registrations. This 3 days event is open to ladies as well.

On On to the BIG 80th!!!

Hardy Boy Organising Secretary Motherhash's 80th Anniversary

Ps We strongly suggest, the real hashers register quickly before the Early Bird rate is all taken up – 518 at time of writing.

Dundee's Rant of The Week

I'm often accused by people – most people really, probably everybody – of being pretty bloody stupid, whereas I've just been very good at learning how to not do things I didn't like well. I learnt how not to pull weeds out of the garden very well when I was a youngster so Mum didn't ask me to do that very often & that led me to being a lousy house painter, terrible cleaner (women are very good at house cleaning anyway so why do we have to contribute), awful at ironing (burn things that I don't own or wear) etc. & I don't work well under supervision.

Unfortunately I failed wallpaper hanging, which wasn't that I was good at it, it was just that I wasn't as bad as everyone else at it. So I had to show that it was best if I did it without supervision, allowing me a free weekend to do as I like as long as I finished the wallpaper.

Life's been good to me so far.

Snickers' Serious Scientific Summations

Snickers is experiencing problems with his Fart Factory testing, which has produced so much Methane that it's about to explode covering the near countryside with columns of shit & cow hides. He's now devised an exhaust system to compensate for the oversupply, which will maintain a new gas light dome for the area, thereby creating 24 hours of light & removing all night creatures like fruit bats from the vicinity. Another brilliant invention from our fearless scientist.
