THIS TIME WE WERE ON THE BOULEVARDE INTO PRIMSOX, WELLINGTON, HARRIS WATER & ON HOME PAST THE SWIMMING POOL.

A GOOD MAP BUT NOT ENOUGH ARROWS ON BACKS OR CHECKS. UN UN DR.

## Circle Report

**Hannibal**, began his usual monologue by pacing the distance for Sans Souci from the CBD & the answer was 17, we were all riveted. He also suggested that Sans Souci translated to “No Worries”, someone else suggested it meant “Without Care” but we all know it means “Without Suzie”. Then we received a geography lesson, which entailed an early study of the St. George area revealed the majestic shores of Botany Bay from Jimmy’s River to Georgie’s was once a long beach called 7 Mile Beach, probably because it measured about 7 miles – they had incredible imagination for names in those days. But then someone called Lady Robinson (one of **Holeproof’s** litter we understand) decided to commandeer the title & renamed it (drum roll please) Lady Robinson’s Beach.

Apparently Lady Robinson was a voluptuous trollop with massive tits & easily spread legs – margarine legs she was known as by the blokes who frequented the local pub known as “Lousy Les’s” after its owner Les Lesnovic, before being sold to Mick Moylan & became “Mad Micks”. The pub used to host the best strip shows in Sydney for many years in a huge beer garden with **Holeproof** being the star attraction for many years.

## Run Report

**Grewsome** was selected to administer the last rites to the run & began his presentation by spending the first 5 minutes telling us why he was late for the run – apparently he went to the wrong car park & ran around like a headless chook for 30 minutes trying to find where everyone was congregating. We were once more riveted.

After that we learnt that the Hare must have set the run from his vehicle because the chalk arrows were few & far apart, with some being in the centre of the road. But someone suggested that he must’ve had long chalk cause that would be impossible. It was then he said that he was assisted by **Venus** in setting the run & we worked out that she would’ve been tied to the front of his car, thereby allowing her to apply the arrows as he was driving.

**Rex** was asked as to where the run went but she said it wasn’t near her school as there weren’t any arrows that she could see. So, of course, we ran both in front & behind her school where there were multiple arrows for all to see. The run received 7.6 out of 10.

Visitors: - None.

Athletes: - Goon – 600 & Dundee 1,000 – both all run from magnificent athletes.

Birthdays: - Sir Les & Taxing – he’s 70 something & she’s about 40 something I think. How some he gets to celebrate his birthday twice?

New Shoes: - Joker & I'll keep mentioning it until he gets to drink out of them.

## Prickette and Prick nominations

**Stopcock** was nominated by **Pig** for setting arrows 400 metres apart but we all still found the trail quite easily.

**Goon** was nominated by **JJ** for knowing that Papua New Guinea actually won a gold medal for lawn bowls at a Commonwealth Games somewhere.

**Rexy** was nominated by **Hannibal** for not using chalk any more she just uses her fingers & we were all left to imagine where she was using her fingers & all the men got it wrong I think.

**Venus** was nominated by **Jungle Jane** for not being able to back a car & none of us were surprised cause she's a woman.

**Pricks – Stopcock & Venus I think but don't know cause I didn't write anything.**

## Jokes: -

**There are a couple of bad ones in Dundee's Rant this week.**

Hash House Harriers (1938), Kuala Lumpur, Malaysia, is pleased to announce that it will be holding a celebration to observe its 80th Anniversary in September, 2018. Hashers from all corners of the hash diaspora bearing our name, or variations of it, are cordially invited to 'return' to the cradle – and the Eden - of hashdom, for a grand extravaganza in celebration of this momentous milestone. Participants will get to be a part of what is shaping up to be the largest congregation of hashers the world has ever known. Motherhash is ready to welcome you back to the origins; be transported back in time to where our hash forebears first germinated and gave birth to our very realm. Gispert and his band of trailblazing initiates of 1938 will be on hand, metaphorically, to welcome you back to our spiritual home, the HASH HOUSE. Yes, Motherhash's 80th Anniversary will conjunct with the unveiling of the resurrected HASH HOUSE, albeit by necessity in a different locality.

Be the fortunate first 1000 registrants, and pay only USD80.00 for the hashing experience of your lifetime! Registrations can be done online. Visit our website at: [www.motherhash.com](http://www.motherhash.com), and click on the link to our 80th Anniversary.

Please note that registrations are only accepted via our online registration portal as mentioned above, so please help out your friends who are not so IT savvy. We will not accept any hard copy or direct registrations. This 3 days event is open to ladies as well.

On On to the BIG 80th!!!

Hardy Boy Organising Secretary Motherhash's 80th Anniversary

Ps We strongly suggest, the real hashers register quickly before the Early Bird rate is all taken up – 518 at time of writing.

## Dundee's Rant of The Week

I've been reading the autobiography of one of my favourite comedians – Lee Mack, one of the panellists on “Would I Lie to You” – which isn't as funny as his shows & I understand why. His ability relies mainly, not on his jokes, which are Big Ears standard – “There was this prawn called Steve, who had a mate called Christian & Steve decided he wanted to be a lobster but, after many attempts he said to his friend – start laughing Big Ears – I'm a prawn again Christian” – but on his facial expressions which are a distinct reminder of my very favourite comedian – Tommy Cooper. Now dead unfortunately but he told the worst ever jokes that made people scream with laughter. It was his ability to create facial & situation comedy. It says to me that you must have a face for comedy, doesn't matter the gags – Lee Mack had a ventriloquist snake – “What's one and one – two, what's two and two – four, what's four and four – eight, I think he's an adder!!!!” Big Ears is in hysterics. Unfortunately nobody can see me write this so it's a bloody waste of time.

## Snickers' Serious Scientific Summations

Snickers has been asked to assess the possible consequences to the Brexit & has advised there will be seismic shift in the Earth plates, thereby moving Britain to the east coast of Canada.
